

PRESS RELEASE

Humanitarian Assistance to Ukraine

Government of India, on the request of Ministry of Health of Ukraine, has donated medicines and serums in the form of Humanitarian Assistance to Government of Ukraine. Ministry of Health of Ukraine had requested the Embassy of India in Ukraine to provide medicines and serums to treat cases of botulism, rabies, tetanus etc. as these medicines and serums are not produced in Ukraine.

The medicines include Catalepsy- Tetanus Immunoglobulin Blood Serum, Antitetanic Horse Serum, Antibotulinic Serum (horse), Antidiphtheric Horse Serum, Rabies Immunoglobulin (Horse/ Human)-Rabies Antiserum and Serum from the bites of serpents. The aid will help control diseases that have reached epidemic proportions and will also support Ukrainian healthcare.

A consignment of 151 packages containing 130,000 pieces of medicines and serums was received by Ministry of Health of Ukraine on 30th December 2017.
